Dear Sir,

We have pleasure to remember you that the dual seal for polymerizer with the modifications proposed by you has worked very well for more than 6 months.

The cooperation with ROSEAL company from Odorheiu Secuiesc has been favourable for us solving many problems which we are having in the sealing field since 1978.

Hoping in our good relationships and for the future, please receive from our side kindest regards.

With best regards,

M.E.A. Manager
